

**Press Release**  
**April 20, 2018**

Deaf Literacy Initiative has a contract with Deaf Heart Design for website services.

Over the years, DLI has maintained a website for our practitioners and learners to keep them up to date with new resources, projects, events and important information.

Up until now, we had volunteers taking care of our website, with DLI staff support. We appreciate all the work done by our team, and we understand that this work has been challenging.

Our goal is to offer the highest quality website to promote our values of collaboration, creativity, excellence, inspiration and commitment.

Our vision is to continue to be a world leader in providing professional expertise and innovations in specialized literacy services to the Deaf and Deaf-Blind community and other coalitions.

Deaf Heart Design will redesign our website to be accessible and Deaf-friendly. The Deaf community will be able to find and register for the specialized literacy programs offered across Ontario.

Watch for the launch of our new website in June of 2018!
